What they say about Dr. Joey

I believe the customer service will improve at all our hotels because of Dr. Joey's formula of "make a life and not just a living." I hope to have him return next year.

—Pat Daly
Daly Seven

His speech was eloquent and timely, but spoke to some ever-present realities that educators must face. The audience response was overwhelmingly positive and affirming of the delivery and content of his message. His voice alone was reassuring!

—S.B. Davis, PhD
School Superintendent

The participants at the workshop commented that your session was one of the most outstanding they had ever attended. They certainly enjoyed your true-life stories and your experiences and the way you portrayed the role of a manager.

—John Gilstrap, Director
Parks, Recreation, and Tourism

I am sure I speak for each person at our meeting last night when I say we are thankful that you came and shared your wisdom with us.

—Nancy Tate, Secretary
American Business Women's Association

I have been a big fan of yours even before I met you, but seeing you perform in person was a major gift for me!

—Martin Ringstaff, Principal

Thank you so very much for being the keynote speaker for the 7th Annual Aging with Gusto conference. Your wonderful presentation set the tone for a very inspiring day.

—Donna Pointer, Aging Specialist

Dr. Joey has the ability to capture the attention of his audience with his superb communication skills, keen sense of humor, and vast knowledge acquired by a combination of formal education and everyday life experiences.
